EXPERIENCE

BERGÉ, leader in the logistics field, can handle integral projects, giving all the services in the logistic chain all around the world.

Working with

- + industrial boilers
- + towers
- + transformers
- + electric power equipment
- + wind turbines
- + railway equipment
- + reservoirs
- + tanks

and a wide rank of other machinery and equipment

WE OFFER

- + Door to Door Project Cargo Logistics
- + Multimodal transport for oversize cargo
- + Creative and trustworthy solutions for our customers

BERGÉ

Experts in integral
management of the
transport for special
cargos

BERGÉ offers shipping agency facilities, stowage, storage and land transport rail to road in the 27 main Spanish ports and international coverage.

We also cover all areas of shipping industry. Freight forwarding, Liner Services, chartering, commercial management & operators, Bunkers Brokers come together to offer a “one stop shop” for shipowners and cargo owners.

BERGÉ manages with expertise the road/inland transport of special cargos. Depending of the cargo characteristics and journey we might use road transport, railways or barges for river shipments.

150 years of experience attending vessels and handling high complexity merchandise, no matter where.

We have **the team**, experience and knowledge necessary to create a project that adapts to the needs of your cargo, whatever it may be.

We have **all kinds of equipment** to transport exceptional cargo between the ports and the origin and destination of the goods, with international coverage.
